Question:

1. Does Roanoke County have data that is subjected to the following regulations?
   - International Traffic in Arms (ITAR) **- NO**
   - Controlled Unclassified Information (CUI) **- NO**
   - Department of Defense (DoD) Unclassified Controlled Nuclear Information (UCNI) **- NO**
   - Department of Energy (DoE) UCNI **- NO**
   - Criminal Justice Information (CJI) **- YES**
   - Department of Defense Impact Level Data **- NO**
   - Other types of data that require Microsoft 365 Government **- NO**

2. Has Roanoke County completed and submitted the form for Microsoft Government licensing?
   Answer: NO, but Microsoft has recommended we use the GCC Tenant for M365 deployment, and obtained state contract pricing for GCC licensing information for us.

3. There are two types of Microsoft Government licenses, which does Roanoke County look to utilize?
   Answer:
   - Government Community Cloud (GCC)

   Roanoke County intends to utilize GCC licensing and tenant
   Government Community Cloud (GCC) environment provides compliance with federal requirements for cloud services, including FedRAMP High, Defense Federal Acquisition Regulations Supplement (DFARS), and requirements for criminal justice and federal tax information systems (CJI and FTI data types).
   - Government Community Cloud (GCC) High and DoD

   Roanoke County will not be using GCC-High licensing
   Government Community Cloud (GCC) High environments deliver compliance with Department of Defense Security Requirements Guidelines, Defense Federal Acquisition Regulations Supplement (DFARS), and International Traffic in Arms Regulations (ITAR).

4. If none of the above are required, would Roanoke County accept regular M365 licensing for this RFP?

   Answer: Roanoke County does not plan to use the commercial tenant or regular E (vs G) user licensing versions.
