4	Be careful walking	7/10/2025 1:49 PM
5	Speed limit in front of Edinburgh Square is 40. Traffic flies by, we have to cross road (Hershberger to bus stop. This can be dangerous for old (retired) people	7/10/2025 1:47 PM

7	No sidewalks. No crosswalks. No lights for traffic. No Pedestrian signs. No concern for this area population that needs to have access to transportation and local businesses. Also speed limits for vehicles need to be reduced	7/10/2025 1:44 PM
8	Congestion of traffic, uneven pavement, no crosswalks, limited signage, no bench or shelter for bus stop, don't feel safe walking along either Hershberger or Plantation	7/10/2025 1:43 PM

36	Traffic! People (drivers) not paying attention to signs for the bus stop, or trying to make a left turn when trying to get out of Edinburgh. no traffic walk signs as Friendship Manor has. No sidewalks. We would love to be able to walk to Walmart or Food Lion or 711 in safety.	5/27/2025 11:49 AM
37	(paper survey) drew diagram showing safety concerns including no sidewalks, no bus shelters, no crosswalks. Proposed sidewalk to Walmart, crosswalk from Walmart to Food Lion, sidewalk from Walmart to 7-11, bus shelters at Walmart and Food Lion	5/27/2025 11:44 AM

43	A car could hit you if you walked to Food Lion or Walmart from Edinburgh Square, especially in a snowy or icy walks. But if there were sidewalks, one could walk to the grocery store and back safely.	5/27/2025 11:15 AM
44	There are no sidewalks or pedestrian bridges to walk to the Walmart or Food Lion. I don't have a car and have to rely on someone else that has a car to drive me there for any of my needs. I feel that we (the elderly) don't matter to the County	5/27/2025 11:13 AM
45	no crosswalks nor crosswalk timing indicators for traffic light changes make it difficult to cross to the other side of the road without significant danger. this is a particular problem for me as I need to get to the walmart in the area and the outbound bus bus-stop is across the road. when walking I walk from the frontier apartment complex, where i live (it looks like the complex is slightly south of the study area) I have no sidewalk to walk on after ~100 yards. in the winter and after rain this is a hazard to me with no solid footing, and narrow "desire-paths" are difficult to walk on at all times even with my cane. entering the walmart parking lot from the intersection at john richardson road is difficult at times when there is heavy traffic, since i often have to walk on the pavement to avoid slipping.	5/23/2025 7:54 AM
46	No sidewalk or level area. As a senior with a tremor condition it can be difficult to walk on uneven ground. Also there is no safe way to cross Hershberger Rd or enough time to cross	5/21/2025 12:08 PM

Plantation Road / Hersherberger Road / Hollins Road Corridor Walkability Survey

Plantation esp with no crosswalk. Drivers do not pay attention to pedestrians. I've lived in 8 states and Roanoke is likely the least walkable area I've ever lived in

47	no sidewalks, bus stops too close to the road, no intersection to cross hersherberger road at plantation, almost getting hit by cars walking on hersherberger, lack of crosswalks and sidewalks on plantation rd (in between food lion and walmart) & hollins rd despite high pedestrian traffic, specifically from employees of those stores, small & not very wide traffic lanes on hersherberger as well as no encouragement to slow down (ex. a tight curve forcing drivers to slow down, making it safer for pedestrians as well)	5/21/2025 8:36 AM
48	Cross walks are non existent	5/20/2025 2:23 PM
49	People driving fast. This area is a shopping hub and connects to valley view and williamson ave, surrounding by homes, retirement home, childcare facility church. There needs to be pedestrian and bicycle facilities in this area. This would be an ideal place for a roundabout which would eliminate power costs for lights, increase traffic flow and allow for safe crossings for other people.	5/20/2025 10:31 AM
50	There is no safe space to ride a bicycle through the area.	5/19/2025 4:14 PM
51	There is no sidewalk in the area and none of the intersections have crosswalks.	5/19/2025 12:17 PM
52	The cars turning out of Walmart and Food Lion making left had turns are very dangerous. I see "almost wrecks" multiple times a day. I have witnessed countless wreck at this part of the road. It's very very dangerous. Most of associates go to street light b/c they don't feel safe pulling out into traffic	5/19/2025 11:24 AM
53	Speed of vehicles, no sidewalk, no safe way to traverse whether walking straight or crossing the road, vehicles give no indication of stopping for pedestrians. Current options along the sides of the road leave no room for walking in any manner.	5/9/2025 2:55 PM
54	Getting hit	5/9/2025 2:39 PM
